Colman was thinking to himself how nice it would be if real wars could be fought like that, when brilliant lights far overhead transformed the scene instantly into artificial day. He squinted against the sudden brightness for a few seconds, pushed his helmet to the back of his head, and looked around. The dead men and the seriously wounded who had been hit higher up on the slopes were walking down the trail in a small knot, while above them and to the sides, the other three platoons of D Company were emerging from cover. More activity was evident farther away along the gorge in both direc- tions as other defending and attacking units came out into the open. Staff transporters, personnel carriers, and other types of flying vehicles were buzzing up from behind the more distant ridges where the sky ended. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary..The nice thing about guilt is that it's so easy to repress. Within a day Barry had relegated all recollections of his criminal behavior of the night before to the depths of his subconscious and was back at Intensity Five, waiting for whomever to strike up a conversation. The only person who so much as glanced his way, however, was Evelyn, the woman behind the refreshment stand. He went to other speakeasies, but it was always the same story. People avoided him. Their eyes shied away. His vibrations became such an effective repellent that he had only to enter a room in order to empty it of half its custom. Or so it seemed. When one is experiencing failure, it is hard to resist the comfort of paranoia..I backed away, throwing my arms up to protect my head.
